DELPHI'S ORACLE

Professional Data Base Management for Commodore 64/PET/CBM

ORACLE is POWERFUL . . .

- Data Base size (number of records) limited only by disk capacity.
- Records of up to 99 fields over 9 pages (over 7000 characters).
- Fast Record Access using ABSOLUTE MATCH, GREATER THAN, LESS THAN, WILD CARD, and LOGICAL AND searches.
- Browse Capability for accessing files forward and backward, by record number, or by search criteria.
- Sorts and Sub-sorts using up to nine fields.
- Entire disk full of records sorted in under 15 seconds.
- Sorted sub-files of selected records from main data base.
- Quick screen print.
- Custom Reports (including headers, footers, auto page numbering, auto pagination).
- Mail list and mail label printing.
- Special reports for filling in pre-printed forms.
- Full four function arithmetic allowing category and page sub-totals, report totals, statistical analysis.
- Thirty-six accumulating registers for calculation.

ORACLE is EASY . . .

- Easy to learn: manual includes step-by-step tutorial covering all Oracle functions.
- Easy to use: fully indexed manual includes command references, glossary, tips for effective data base design.
- Single key stroke menus and full screen prompts.
- Disk Utility options for disk formatting, disk backup, file copying, file name change, file scratching, disk directory, and disk unit selection.

ORACLE is SECURE . . .

- Up to four levels of security to allow selected users different levels of information access.
- Master level security for modifying records and files.
- Field attributes to protect accuracy of input (alpha only, numeric only, security level, or default).
- Built-in data backup system.
- Built-in error checking and disk error recovery.

ORACLE is FLEXIBLE . . .

- Design custom applications.
- Restructure files automatically.
- Interface with PaperClip word processor for form letters, complex reports, spelling validation, etc.
- Create, update, change, and delete records.
- Access full printer capabilities.
- Unlimited uses: expense accounts ★ check register ★ inventories ★ payroll ★ income tax records ★ personnel records ★ sales reports ★ telephone/address lists ★ statements ★ library catalogues ★ form letters ★ accounts ★ customer files ★ indexes ★ mailing lists ★ home inventory ★ packing slips ★ research ★ invoices ★ birthday tracking ★ recipe files ★ time sheet analysis ★ record collection catalogues ★ questionnaires and surveys ★ client profiles ★ job costing ★ home budgeting ★ project reporting ★ stock and bond portfolios ★ student grade records ★ EEO reports ★ productivity analysis ★ net worth statements ★ receipt records ★ computer disk catalogues ★ automobile service records and expenses . . . and more.
